

IMPORTANT ADVICE ON HOW TO CONDUCT OURSELVES AT 100% GPE LEVEL (04/25/2023)

This is a very profound advice I received from the Lord, and it is about how to conduct ourselves at 100% GPE Level. Humanity is at a critical point as we are facing many threats, including the mass extinction. We desperately need to raise our level of consciousness and operate at 100% GPE Level.

This process is now achievable. Jesus Christ led an example for us to observe and follow. Here are the important points we need to know before we reach 100% GPE Level.

Always follow God's will: Jesus did not act on His own. He always followed and acted according to God's will. At 100% GPE Level, there is no need to act/react because of anger, confrontation, pressure, pride or temptation. Do not be intimidated or provoked by the worldly forces or circumstances. Do everything strategically aligned with the evolution cycle of our planet Earth, and in sync with the movement of the Universe. Jesus did not fall into the traps, tricks or temptations. Nobody could pressure Him into doing anything for selfish benefits. He did not try to please anyone but God.

Spend more time in meditation or prayer: Jesus often spent as much time as He needed in solitude to communicate with God. He constantly spent time in prayer to ground Himself and be connected with His tasks on earth as well as His commitment to God's will in Heaven.

Do not test Your Maker: Satan attempted to trick Jesus into checking whether God would protect Him or not. For example, let us imagine that your child intended to throw the milk bottle from the table to see if you would

①

catch it or not. He/she would do that as an immature infant who did not have the same mindset as you. But when he/she became an adult with the same mindset of a parent like you, then he/she would not have those testing or tempting ideas anymore.

Do not abuse power: Satan tried to test Jesus by saying He should use His power to turn the stone into bread to eat. This advice is extremely vital, especially when we find ourselves in desperate or dangerous situations.

No turnover: Satan wanted Jesus to renounce God and abandon His mission by offering Him everything on earth. You are given a rare and unique opportunity to participate in this divine plan that has never existed on earth. At this level, you should know who is behind this divine plan, and do not lose focus. Using the sport analogy, the coach calls you in for a special play that will potentially win the championship and his advice to you is, "No turnover!"

Be still: Remember when it is needed God will reveal His Presence. At 100% compliance, we need to be still or stand down. Jesus remained silent and sealed His fate when Pilate could set Him free.

Be unknown: At this level, we let go of our ego, pride or selfish interests. The generic Jane/Joe ID wants its own freedom and independence. Its argument is, "I have my rights." This is a limited mindset in which one just thinks for oneself. Therefore, this person can only access the limited Jane/Joe's knowledge-base. On the other hand, by getting rid of the

Jane/Joe ID we become the Creator's extension. If you still keep the Jane/Joe ID then your computer continues to operate with its limited user accessibility. But if you clear the Jane/Joe ID to make the computer ready for remote access by the Creator, then you become His workstation with an infinite database. This workstation will have the highest-level access that the ordinary Jane/Joe ID does not have the authorization.

Be wise: At this level you will have the wisdom because you know the reason why things happen, and how they are connected to each other. Therefore, it is your duty to make sure everything work in sync with the entire system. Your actions should be dictated by the divine plan, not by human conditions or worldly circumstances. From a deeper perspective, we should know that our Mother Earth nurtures and protects us, and our Heavenly Father blesses and guides us.

These words of advice must be stored in our conscious mind before we are confirmed to operate at 100% GPE Level. I was instructed that each of us needs to carefully read and write this important advice on paper. We have to clearly understand it, and by writing these texts we actually store a copy in our brain's memory. Since we get this advice, we are getting closer to the finish line and successfully access 100% GPE Level.

KEY POINTS FROM THE 3-DAY TEST ON 05/09 - 05/11/2023

During my 3-day dry fast, I was in a meditative state whenever I was not preoccupied at home. Here are the key points I received at the beginning of each day.

DAY 1: TRUE SELF (CHÂN NGÃ)

Knowing your true self will determine whether you pass or not.

DAY 2: GODLINESS (ĐẠO ĐỨC)

How you treat your body will affect your conditions and your path.

DAY 3: KINDNESS (THIỆN TÂM)

This is the "universal passport" that allows you to be accepted or welcomed anywhere in the physical and spiritual world.

Hi,

I completed the 3-day dry fast... It was an interesting experience! I kept a journal and captured the thought process as I went through each day. Throughout the day, I was in a meditative state whenever I was not preoccupied at home. I noticed each day, I suddenly received a thought or word either in a dream or in a meditation early in the morning. Here are the key points I received at the beginning of each day.

DAY 1: **True self** (*chân ngã*) – knowing your true self will determine whether you pass or not

DAY 2: **Godliness** (*đạo đức*) – how you treat your body will affect your conditions and your path

DAY 3: **Kindness** (*thiện tâm*) – this is the “universal passport” that allows you to be accepted or welcomed anywhere in the physical and spiritual world

Since I received the daily hint, throughout the day I meditated on it and discovered a wealth of information that will lead to our objective which is to reach 100% GPE Level. I must thank the Evil One (or the Prince of Darkness) as well as the Lord (or the Prince of Peace) for being there every step of the way to push and guide me through this process.

The 3-day test allowed me to operate in a high-level focus throughout the day. After this test, I am reminded to continue to operate at the same level of Laser Focus 24 hours each day.

I noticed the Lord's Presence with a strong energy vibration within and around me. It seems that I am a “remote device” with 100% compliance and the Lord is the operator. For example, when I drove my daughter to the bus stop this morning, I noticed a change in my perception and thinking process. I was not the driver. I was a part of a remotely controlled Network System. I am no longer in charge of the circumstances or situations, and I trust the Lord (or Network System Manager). People may not agree or understand when they are in difficult or negative situations, but He will justify at the end when all the components fit together. The Lord always does things for the growth and evolution of all souls.

Personally, the results I have obtained are far beyond the health/medical or mental benefits. If the scientific community wants to test my physical and mental states after the 3-day dry fast, they will find significant data... But that will be done soon, when I actually show evidence of 100% GPE Level and people will want to know about this process. Otherwise, all of this would be just like another idea among thousands of ideas we have seen throughout history. Each day, I always meditate before closing my eyes to sleep, and after saying the prayer of gratitude, the last word I remind myself is, “Be still and trust!”

I am in the process of compiling my journal... I will share it with you when it is done.

Thank you,
Vu Tran

Hi,

I am on the second day of the 3-day dry fasting that began yesterday 05/09/2023. Throughout the first day. I noticed everything was calm around me from the moment I began. I took the Lord's instruction to do the 3-day fasting very seriously, so I put all of my effort to pass and reach 100% GPE Level.

I was in a meditative state throughout the first day and captured the experiences in my digital journal... One key point that can summarize the first day would be to **know your true self** or your true identity. It determines whether you will pass or not.

In my case, I recognized my true self during my NDE from a fatal car crash on 04/13/1990 and God gave me a second chance with an assignment on earth. I know who I am and what my job is. Therefore, I stay focused in order to complete my assigned tasks. I know the Lord would not give an assignment that cannot be done. so If you know your true self and focus on your mission then you will successfully complete it..

During my sleep earlier in the afternoon yesterday, these thoughts came to me:

Different environments: In the past, Prince Siddhartha left the palace and meditated alone under the bodhi tree in the forest, and Jesus Christ went out to the desert by Himself. Both of them were in isolation and they managed to pass their trials alone. Now, we are doing the test in a different environment because it is practical to be in the family or community as we fast. In the past, Prince Siddhartha and Jesus Christ went out to be tested alone. This time, we are in the middle of the river of life and still struggle against the waves of daily issues or trials as we do the 3-day test. We have to include all of these issues in the equation to do the test.

Focus on the primary goal of fasting: Throughout the night, my mind was flooded with thoughts from Prince Siddhartha when he got ready to leave the palace in the evening, and from Jesus Christ on the day He prepared to go to the desert. Both of them were very determined and focused on reaching their goals. In our case, we really need to be determined and focused on our goal, too. Our aim is to reach 100% GPE Level, which is far beyond the health, mental or physical benefits.

I was reminded to reflect on the GPE journey that began from 03/2019 in order to review all the concepts and processes. During this 3-day test, I am following this advice and meditating on the GPE development... I cannot predict how my test will be, but I am doing my best to pass. I have the feeling that the Lord wants us to pass and reach 100% GPE Level because of the guidance and support He gives us. Any loving parents or true masters would want their children or disciples to achieve everything they have done. We just need to be Humble, Open, and Truthful (HOT).

I continue on the second day. It is amazing that I did not have any thoughts on food or drink. My mind was totally locked on the GPE concepts and processes, so I was not feeling hungry or thirsty at all. I did notice the smell of food when I prepared dinner for my daughter, but it did not tempt me. Now, I continue my journey as I start the second day...

Hi,

I completed the Important Advice on how to conduct ourselves at 100% GPE Level (or Christ Level) and passed on to the practitioners. I know the Lord who sent me the instructions will also communicate with the practitioners to clear their doubts, to guide them, or to motivate them. It is good that I received your handwritten copies.

Regarding the 144,000 people who will have the "seal" on their foreheads, according to St John's description, they will be the Impossible Team (IT) members who will be 100% God's Presence on earth. This is the first wave who will open many doors for many others to follow.

During my sleep on Sunday afternoon, I had a dream and it reminded me of what Jesus told the disciples. In this dream, I found myself with the crowd who sat around listening to Jesus and I came in as He was saying:

Ask, and you will receive. Search, and you will find. Knock, and the door will be opened for you. Everyone who asks will receive. The one who searches will find, and for the one who knocks, the door will be opened. If your child asks you for bread, would any of you give him a stone? Or if your child asks for a fish, would you give him a snake? Even though you're evil, you know how to give good gifts to your children. So how much more will your Father in heaven give good things to those who ask him?

Do to others what you want them to do to you. This is the meaning of the law of Moses and the teaching of the prophets.

Enter through the narrow gate. For wide is the gate and broad is the road that leads to destruction, and many enter through it. But small is the gate and narrow the road that leads to life, and only a few find it. (Matthew 7: 7-14)

It was an interesting vision because when I meditated on these words, I got the concept of **Ask-Search-Knock** or ASK Process. Based on this concept, by Asking we actually have a focus on our task/mission. In the process of Searching for info or resources we prepare ourselves. By Knocking the door, we take the initiative and set things in motion. With GPE Level at 70% or higher, we will ask for something that is beneficial to others or aligned with the divine plan. Using the example from Jesus' parable, as immature souls, sometimes people asked for poison instead of bread. Our Heavenly Father would not answer, and they lost faith in Him.

I understand that upon reaching 100% GPE Level, God will definitely answer when we ask, let us find what we are searching for, and open the door when we knock.

In GPE we need to be **Humble**, **Open** and **Truthful** or HOT to have the Opening of Intuitive Potential (IP). So now, we can use these acronyms to remind the GPE practitioners: "When you are HOT, you ASK to reach 100% GPE Level."

We should meditate on the concept of the "Narrow Gate" that Jesus presented. I know at 100% GPE Level, there is a very narrow gate, or a very small margin for errors (if not to say zero margin for errors at the Christ Level!!!)

Hi,

It's not how neat or rough we write these words of advice... There are 2 keys that allow the process to be effectively successful. First of all, we need to have the Intuitive Potential to know *what* we are writing. Secondly, we need to have the Heaven-Earth-Human Synchronicity to know *when* to write.

Yes, we are making an imprint of these words and their meanings in our memory when we consciously write them down. Energetically, we are also updating our energy field with the vibration of these words. Therefore, when we reach 100% GPE Level, what we think, say and do will have a significant impact.
