

## FOUR STAGES OF GPE DEVELOPMENT

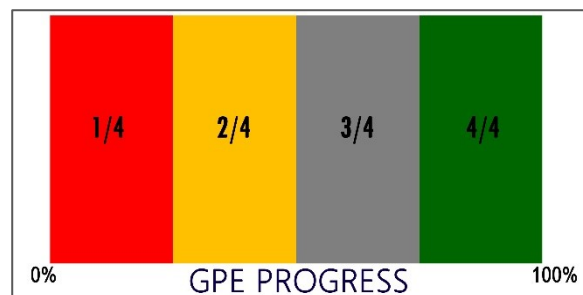

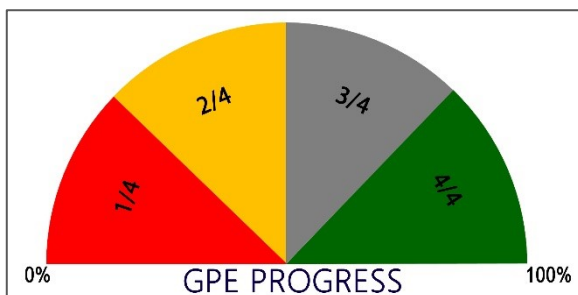

06/13/2023

During my sleep on Wednesday night (06/07/2023), these images came to me and they can help us visualize our progress. I received the following explanations:

### Four Stages of GPE Development:

We have a framework that consists of 4 stages of GPE progress. The practitioners will go through these 4 stages of GPE progress, and eventually become God's Remote-Access Witnesses. These 4 stages are shown below:

- 1) Begin: Opening the Intuitive Potential (IP) and learning stage
- 2) Practice: Application stage
- 3) Test: 3-Day Fasting stage
- 4) Connect: 40-Day Adaptive Stage

When we realize that our GPE Level is low or zero, we are in the red zone. For example, I may be a successful businessman or an expert in science or a famous politician, but I do not have any GPE. I solely rely on my own brain power and human abilities to thrive. Gradually, the pressure and stress take a toll. I feel exhausted and uptight. I may be famous, powerful or wealthy in the material world, but deep down I still feel unfulfilled because my soul cannot thrive. At this point, I begin to look for a way to improve my situation. After learning and opening the IP, by making an effort to practice we are in the yellow zone. Eventually, we are ready to take the test. At this stage, we are in the gray zone because we may or may not pass, and we need to be determined to try again if we fail. Finally, we reach the adapting and connecting phase. This is the green zone, where we are connected to the Source and operate at 100% GPE Level. Now, we have a framework to use so we can complete the process and actually reach 100% GPE Level.

### Love, Respect and Trust

After the explanation on the stages of GPE Development, I suddenly found myself in front of the Throne with God's Presence as a bright Light. I encountered this bright Light from my NDE on 04/13/1990. At that time, I did not dare to look up because I recognized the authority, holiness and power of God's Presence. Amazingly, more than 30 years later I could face the Most High on the Throne. This time, I looked directly into His eyes just as a child who reached out to his parent with love, respect and trust. I said "I absolutely trust You. You can also trust me despite my flaws and weaknesses." He told me "I did trust you when I saved you from death and asked you to take this assignment in 1990." The GPE practice really enhanced our understanding of God as well as our connection with Him. On this path, we will gradually reach the level of 100% compliance and be remotely accessed by God's Presence. This process brings us closer to God, and develops a level of mutual trust. Perhaps that is why I was not frightened and intimidated in front of His Presence anymore. Being a father, I do not want my children to be afraid or intimidated in my presence. I only want them to feel comfortable around me because I love them. I may look serious, but I love and pay attention to them. In a similar way, God loves all of His children and He wants to be close to them.

### Seeing beyond the Light and Darkness

Then, I was taken into an area that is very interesting and mysterious. The Lord led me behind the Throne Room where there was no light nor darkness. It was the area before God said "Let there be

light.” From that moment the light and dark regions of God’s Kingdom were created. The Lord gave me an example of the Opera House backstage. On the stage, the audience would normally see the beautiful scenes with many actors and actresses who played various roles. But everything was different backstage. Here, we would find the director, makeup artists, technicians, and so on, who were constantly busy working. Similarly, behind the Throne Room, God and His angels manage the operations of the entire universe. We can imagine this is a command post where decisions or situations are created. It is not easy to describe the experience by human sensory systems or languages. The closest description would be a void or vacuum, where we only acknowledge our existence and presence. There is no time nor space, no light nor darkness. From this viewpoint, there is no Truth, solution or answer behind the Throne Room because there is nothing to validate, or decide, or question. This point suddenly reminded me of the famous question that Pontius Pilate asked Jesus, “What is truth?”

### **Working together**

We have often talked about the concept of how to work together. From this realm, the Lord showed me the difference between working together with humans and working together with God. When we decide to work together with other people, we would either compromise or give up something in order to be accepted and contribute. There are many layers ranging from physical, emotional, psychological, social as well as spiritual conditions that would become the challenging or conflicting factors. Sometimes these factors could not be addressed or resolved, and people would no longer work together, or even fight against each other. This is a recurring scenario we have experienced from the dawn of history until now. The human world is still infected by the Selfishness virus (S-virus) and Power-hunger virus (P-virus). People can try their best to work together, but the infections of the S-virus and P-virus have already spread very deep and wide through their hearts, minds, cultures, families, traditions, and so on. On the other hand, when we work together with God, we are one with the Creator of the universe, who is also our Heavenly Father. Being a loving parent, He does not have any of those human issues against us. In fact, He gives us total freedom and He actually utilizes those setbacks to help us evolve. We should realize that we are working with the Most High who created the entire universe that includes time, space, matters, knowledge, and so on. The concept of operating at 100% GPE Level will revolutionize the way we work together on earth.

I am still making progress during my 40-Day Adaptive Phase. I continue to be in a meditative state throughout the day as much as possible. These downloads constantly come in whenever my brain is not preoccupied, especially during meditation or sleep. I do not know what will happen when I complete this phase on 06/20/2023.!!!

I have learned a lot during these past few months when I began the 3-Day Fasting Test, and I have obtained useful information from the GPE-Wisdom database. It is not an idea or theory, but in fact this GPE-Wisdom database is the "live" energy that will be materialized on earth. This thought reminded me of one passage from the New Testament, "*There are many other things which Jesus did also. If they were all written down, I do not think the world itself could hold the books that would be written*" (John 21:25).

More than two thousand years ago, Jesus said we will do greater things (John 14:12) and now I understand that He meant we can make a bigger impact because we are able to reach a larger number of people with modern technology. Back then, Jesus could only reach the people in the nearby regions, but He had already foreseen that we will be able to make a global impact instantly.

I am still making progress during my 40-Day Adaptive Phase. I continue to be in a meditative state throughout the day as much as possible. These downloads constantly come in whenever my brain is not preoccupied, especially during meditation or sleep. I do not know what will happen when I complete this phase on 06/20/2023.!!!

Thank you,

While I contemplate on and resonate with your words here, anh Vu, the 2 items that are most striking to me, at this time, are **Seeing beyond the Light and Darkness** and the John 21:25 scripture. For the 1st item, I'm reminded of a quote attributed to Rumi, the Sufi/Muslim mystic, "**Out beyond ideas of wrongdoing and rightdoing, there is a field. I'll meet you there.**" To me, this field and behind God's Throne Room are the same!

For the 2nd item, John 21:25's indication of the world being unable to hold the books describing all of the things that Jesus did, reminds me of the many miraculous/magical moments that happen constantly in my own life since I first began to "level-up" spiritually. These moments have reached points of ever-increasing normalcy, to the point that I can barely remember the time before. I recall sometime last year in one of your emails how you described being able to see events and have details revealed to you either moments before or well before they happen, and since my 3-Day test, and as the 100% software continues to install in me, this seeing of events is getting even clearer! Even down to how people will react, etc. While I realize that I'm beyond the 40-Day Adaptive Phase, since my 3-Day test, I **know** that something in me has drastically changed since that time! Our Loving Parent is so gracious to continue being right there alongside me in ways that if I were to describe in words, **that** level of love, my words would fail... As Proverbs 18:24 indicates, this TRULY is "...a friend that sticketh closer than a brother."

I look forward to hearing back from (and/or feeling your energetic signature) when June 20, 2023 comes around, next Tuesday. While I know that all things are possible through God, yours will be a testament that 100% GPE, 40 days after the 3-Day test, is.

Blessings dear elder brother!

-Rich

Hi Richard,

I read and appreciate your feedback. After playing tennis yesterday, I suddenly heard this message as I was driving, "*In the past, you used to think of the concept of being blessed by believing without seeing God's Presence. But this concept was not effective enough because it either led to blind faith or misunderstanding. People are still living in the darkness of deception, doubt, fear, oppression, and so on. Now, the new concept is to be blessed by seeing and making God's Presence alive on earth.*" This message was referring to what Jesus said to Thomas, "Because you have seen me, you have believed; blessed are those who have not seen and yet have believed" (John 20:29). After reaching 100% GPE Level, we will be the effective witnesses who see and make God's Presence alive on earth with what we think, say and do because we are His remote-access instruments. I am feeling His Presence as well as His Energy within and all around me after completing the 3-Day Test. I know many of us will reach 100% GPE Level and really understand what I am describing here.

I captured these thoughts in one PDF file for our future reference.

Thank you,  
Vu Tran
